Treatment for Mental Health and AODA Issues (453.6)

Students receiving mental health or AODA treatment services (both outpatient and inpatient), may do so without discrimination or punishment by the school district. Student will be responsible for all classroom homework, tests and projects per agreement with the instructor, building principal or guidance counselor. Teachers will cooperate with treatment agency staff to provide assignments and materials to students enrolled in treatment services. The Norwalk-Ontario-Wilton School District is not responsible for treatment effectiveness, cost of services, choice of modality, or insurance benefits.
