

SERIES 400 – STUDENTS

Miscellaneous Student Policies – 490

Senior Class Fund Disposition (491)

Each graduating class, prior to graduation, will request to the District Administrator, their recommendation for the disposition of their class fund. The recommendation will then be taken to the Norwalk-Ontario-Wilton Board of Education for approval.

Any funds left by a graduating class will remain in the name of the class until the end of the first semester following their graduation. This is to ascertain that there will be funds available to pay any outstanding bills incurred by the class which have not yet been presented for payment by the time of graduation.

Should the graduating class fail to make a request for the disposition of the class fund prior to graduation, this amount in the class fund will be deposited into the Miscellaneous Activity Fund.
