Co-curricular Coaches and Advisors – 550

Evaluation Form (551.3)

RATIONALE

It is recognized that co-curricular activities are an important part of the overall educational process of children at the Norwalk-Ontario-Wilton School District. An Athletic Coach is therefore a teacher of athletics and the proper values athletics holds in the school and community. Therefore an evaluation form has been developed to monitor the success of an Athletic Coach in regards to the development of children and the sports program.

EVALUATORS

All Head Coaches will be evaluated by the Superintendent of Schools or the High School Principal, both will receive input from the Athletic Director.

All Assistant, Junior Varsity, and Junior High Coaches will be evaluated by either the Athletic Director or Junior High and High School Principal.

One copy of the Coaches Evaluation will be given to the coach, the other will be placed in his/her personnel file by School District Administration.
