

SERIES 700 – SUPPORT SERVICES

Support Service Goals – 710

Support services are essential to the successful function of the Norwalk-Ontario-Wilton School District. Management of auxiliary operations is therefore an important responsibility of the district administration. It should be remembered, however, that education is the district's central function, and all support services shall be provided, guided, and evaluated by this requirement.

In order to provide support services that are truly supportive of the educational program, the NOW Board of Education established these broad goals:

- To provide a physical environment for teaching and learning that is safe and pleasant for students, staff and the public.
- To provide safe transportation for students to and from school while participating in school activities.
- To provide nutritious meals for students.
- To provide supplies, equipment, and personnel so that needs of the educational program can be responded to in a timely and appropriate manner.
