

SERIES 700 – SUPPORT SERVICES

Transportation Services Management (750)

District Vehicle Use (752)

School vehicles are purchased for school purposes only. These vehicles should never be used for the personal use of the employees. School owned vehicles such as vans, cars, and trucks may be used for transportation and maintenance needs in accordance with guidelines established by the District Administrator.

All school owned vehicles will be operated by someone who holds a valid Wisconsin driver's license. At no time shall students be allowed to operate school-owned vehicles on public highways, except students receiving behind-the-wheel driver training from a certified instructor.
