Food Service Management - 760

Automated Lunch Program (762)

The Norwalk-Ontario-Wilton School District uses an automated lunch accounting system to record food service payments and to monitor food purchase transactions. Parents and guardians are expected to maintain their lunch account in a positive status. Any funds remaining in family lunch accounts at the end of the school year will carry over to the next school year. Refunds will be issued upon written parental request.

Students and adults will be issued an identification number and assigned a lunch account that the computer will monitor.

The Norwalk-Ontario-Wilton School District receives federal and state reimbursement in the form of cash and commodities for the first lunch served to each student. Second lunches are available as well as extra portions at ala carte prices.
