

SERIES 700 – SUPPORT SERVICES

Food Service Management - 760

Vending Machines (763)

Beverage vending machines in the 7-12 area of the building are authorized at the discretion of the Building Principal. The Building Principal shall establish that the machines are not in competition with an established food service program. Operation and financial management of these machines is the responsibility of the Building Principal. Machine proceeds will accrue to the designated student activity fund.

Vending machines are authorized in the teacher's lounges subject to approval and management direction of the appropriate Building Principal.

No other food or beverage vending machines other than authorized by school district administration are permitted in the school buildings.

Approved: 1/16/12
