## **FOOD SERVICE COLLECTION**

### **NORWALK-ONTARIO-WILTON SCHOOL DISTRICT NOTICE**

#### **Food Service Collection**

The Norwalk-Ontario-Wilton School District uses an automated lunch accounting system to record food service payments and to monitor food purchase transactions. Parents and guardians are expected to maintain their lunch account in a positive status.

Parents or guardians who claim that the financial condition of their families are such that they cannot afford to pay for the cost of their children's meals shall be invited to make an application for free and reduced meals.

#### **Collection of Food Service Related Charges**

The Superintendent or designee is expected to protect the taxpayers of the Norwalk-Ontario-Wilton School District by making every effort to collect all food service related charges due to the School District. The School District will have procedures in place that identify the criteria for use of collection agencies or writing off the debt.

#### **Food Service Collection Due to Non Payment**

The Norwalk-Ontario-Wilton School District operates a school lunch program which is approved by the State Department of Public Instruction. It is the policy of the school district that all meals are paid in advance with a positive balance in each family's school lunch account.

#### **INSUFFICIENT ACCOUNT BALANCES**

Families will be notified of the status of the lunch account when there is a positive balance of \$10.00 or less. At this time an automatic e-mail system will be used on Tuesdays and Thursdays to contact parents about the status of the account.

The Building Principal will mail a letter home to parents informing them when the deficit reaches \$25.00. This will be done in January and June.

In accordance with USDA regulations, children receiving free meal benefits can not be denied a Type A meal for any reason, including failure to maintain their past family lunch account in a positive status. A la carte items do not fall under USDA regulations and purchases of these items will be denied using the lunch account.

After 30 days once the Building Principal sends out delinquent account notices to parents, and there is no payment made on the negative balance or no plan set up with school officials to pay off the debt, the District Administrator will obtain the services of a collection agency to secure the collection of unpaid debts more than \$50.00.

Parents may set up a payment plan with the district on their lunch debt as of November 24, 2015. Once the parent does not follow through on the payment plan, the District Administrator will turn collection of the debt over to a collection agency.

Current food service balances can be located on the NOW School District website ([www.now.k12.wi.us](http://www.now.k12.wi.us)) via family access.

## **Head Lice/Nits**

A student found to have head lice or transferable nits will be sent home. The student may return to school within 24 hours following treatment. Children will not be able to return to class unless they have been determined to be free of head lice or transferable nits and have the completed checklist.

The policy and checklist (School Board Policy 453.9) shall be given to the student's parent/guardian in explaining the treatments. These shall be discussed with the parent/guardian in order that he/she understand completely the treatment and this is his/her responsibility to perform the treatment before the student may return to school.

Children known to be repeat cases will be checked more frequently, at the nurse's discretion.

The student may return to school the day following the treatment accompanied by the signed checklist and their parent/guardian. The parent/guardian must provide for transportation to school and wait for clearance before leaving.

The School Nurse or his/her designee has the authority to retain students in school or send students home dependent on the lice and/or nit condition of a student's hair. If the student is determined by the School Nurse or his/her designee to be in a nontransferable stage of nits, the student may stay in school but the parents will be contacted.

Notes will be sent home with all students in the classroom if one or more classmates are found to have lice.

The school will keep a log on those students identified to have lice.

A pre-kindergarten through fifth grade school check will occur at the beginning of the school year and other times during outbreak. The school nurse will perform head checks per discretion and teacher request.

### **Head Lice Checklist**

Dear Parent/Guardian:

Your child was found to have head lice/nits. The following checklist must be completed and returned with your child before he/she is readmitted to class.

The following procedures were followed:

- \_\_\_\_\_ Child was seen by M.D. and prescription medication (kind) \_\_\_\_\_ was used or
- \_\_\_\_\_ Child was treated with (name) \_\_\_\_\_ for head lice.
- \_\_\_\_\_ I combed through my child's hair carefully with a nit comb, removing all lice/nits from his/her hair.
- \_\_\_\_\_ All family members were inspected and treated for lice if infested.
- \_\_\_\_\_ All combs, brushes, barrettes, and any other items that hold hair in place have been soaked in head lice shampoo for 60 minutes or I have cleaned combs and brushes in hot soapy water. (Water should be at least 150 degrees F and it is advisable to let combs and brushes soak in hot water for at least 10 minutes. Boiling water may harm some combs and brushes).
- \_\_\_\_\_ All caps, coats, sweaters, and clothing that my child has been wearing were washed in hot water and dried in the dryer for at least 20 minutes.
- \_\_\_\_\_ All bed linen was washed in hot water and dried in the dryer for at least 20 minutes. (Be sure to stagger wash loads to maintain hot water at 150 degrees).
- \_\_\_\_\_ Stuffed toys or objects such as clothing which can not be washed were tied in an air tight plastic bag. (These items are to stay bagged for 2 weeks or placed in the freezer for 48 hours).

- \_\_\_\_\_ Children were reminded not to share combs, barrettes, hair ribbons, hats, coats, sweaters, etc.

When your child has head lice, we know it means a lot of work and worry for you. Please return this check list to school the day your child returns to school. Children not in compliance cannot be returned to the classroom. It is not a disgrace to have lice. It is a disgrace to do nothing about the problem. Thank you for your cooperation.

### **Indoor Air Quality**

The Norwalk-Ontario-Wilton School District can use a website, student handbook, local newspaper, or other appropriate means to notify students, staff, and the community that the district has an IEQ management plan in place. This annual publication is part of the Norwalk-Ontario-Wilton School District communication plan within the IEQ Management plan.

The Norwalk-Ontario-Wilton School District would like to inform staff, students, parents, and the public of the district's indoor environmental quality (IEQ) management plan. The plan was initially developed in 2013 and is reviewed as necessary. The plan was developed as deemed appropriate for the district. Questions and concerns should be directed to the IEQ Coordinator. Copies of the plan are available at the district office for a fee. The district office is located at 28861 Highway 131 North, Ontario, WI, 54651.

### **Meningococcal Disease Information**

Public health authorities recommend that teenagers and college-bound students be immunized against a potentially fatal bacterial infection called meningococcal disease, a type of meningitis. The Centers for Disease Control and Prevention (CDC) and other leading medical organizations recommend routine meningococcal immunization for adolescents during the

preadolescent doctor's visit (11- to 12-year-olds), adolescents at high school entry (15-year-olds) if they have not previously been immunized, and for college freshmen living in dormitories.

To learn more about meningococcal disease, vaccine information, and public health resources visit the following web site: [www.cdc.gov](http://www.cdc.gov) – This CDC website includes the CDC recommendations and information on the meningococcal vaccine.

## **Programs for English Language Learners**

The Norwalk-Ontario-Wilton School District recognizes the importance of providing equal educational opportunities to language minority students. The goal of the district's Limited English Proficient (LEP) Program is to provide students with an opportunity to experience early academic success while learning English as a second language. In addition, the district strives to create a multicultural environment whereby students' appreciation for their own and other cultures are encouraged. Community and parent involvement is pertinent to the effectiveness of the program. The district will work cooperatively with local agencies and community groups that share similar goals.

The district will screen students as part of the enrollment process and identify students and families that would benefit from participating in the LEP program. Students with LEP will be evaluated and classified utilizing a DPI-approved English language proficiency assessment instrument. An LEP student will be provided educational program assistance and/or services as appropriate and necessary to help the student improve his/her English language skills and academic performance. The degree of curricular and instructional modification, type of support services and their duration shall be determined individually and be based on student need. This will include supporting teachers in the integration of LEP students into the classroom setting. School Board Policy 342.7 determines the assessment and placement of LEP students. Decisions regarding the administration of state-required tests to LEP students shall be made on a case-by-case basis. The District shall administer state-required tests to an LEP student unless a determination has been made that the results of the test, with allowable accommodations made for the student as needed, will not be a valid and reliable indicator of the student's academic knowledge and skills. Any LEP student exempted from taking a state-required test shall be administered an alternative assessment approved by the Department of Public Instruction. The results of both state-required tests and alternate assessments shall be used consistent with District policies in making instructional, promotion and graduation decisions. Test results may not be used as the sole criterion in re-classifying an LEP student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for participation in postsecondary education opportunities. Exemption of an LEP student from taking a state-required test may also not be used as the sole criterion for making such determinations. Parents/guardians of LEP students shall be notified of student testing arrangements and of educational programs and services available to help their children improve their English language skills and academic achievement. These notifications shall be made consistent with legal requirements and in such manner as to ensure that the student's parent/guardian understands them.

The Norwalk-Ontario-Wilton School District shall provide military recruiters the same access to secondary school students and student directory data about such students as is provided to post-secondary schools or prospective employers.

The Norwalk-Ontario-Wilton Board of Education shall provide programs for students with disabilities as defined by law. In recognition of the educational responsibility for all students, the board shall provide a free and appropriate public education in the least restrictive environment for students with disabilities who reside in the district. Specific educational programs and services for students with disabilities shall be determined by the student's individualized education program (IEP) team and be based on an assessment of the student's individual needs. Students with disabilities shall participate in academic assessments required by law, with or without accommodations, or alternative assessments as outlined in the student's IEP.

The Norwalk-Ontario-Wilton School District also does not discriminate on the basis of disability in its hiring or employment practices.

This notice is provided as required by Title II of the American with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. ### **Special Needs Scholarship Program**

This policy is to serve as a notice to inform parents and guardians of students with disabilities that the State of Wisconsin has established the “Special Needs Scholarship Program.” Under this scholarship program, a child with a disability may be eligible to receive a scholarship from the Department of Public Instruction (DPI) that allows the child to attend a private school that is participating in the scholarship program.

  - a) Personal illness. At the discretion and request of the Building Principal, personal illness that result in more than seven (7) days in a semester be supported with a note from the health care provider.

- b) Illness or injury to a student resulting hospitalization or medical ordered home rest. Administration reserves the right to require a note from the student's health care provider or treatment director for more than five (5) days of absence in a semester.
  - c) Accidents or death in the immediate family.
  - d) Suspension from school.
  - e) Religious observances.

- 4) Students who leave school grounds without notification and authorization will be considered unexcused (truant).
- 5) When a student is absent from school, the parent/guardian should telephone or e-mail the school by 9:00 a.m. to inform the school of the absence, and the reason for the absence. Failure to contact the school by 9:00 a.m. will result in the school contacting the parent / guardian through Skyward Family Access.
- a) Elementary office – (608) 337 – 4420 (Ext. 354)  
or e-mail [ttomek@now.k12.wi.us](mailto:ttomek@now.k12.wi.us)
  - b) JH / HS office – (608) 337 – 4401 (Ext. 222)  
or email [swatters@now.k12.wi.us](mailto:swatters@now.k12.wi.us)

- 11) Athletic Code attendance requirements may differ on the details of the student absence to determine eligibility for a contest. In those cases, the School Board approved Athletic Code requirements will take precedent over this policy.

### **Truancy**

#### **Definitions**

**Truancy** – Truancy is defined as any absence from school for reasons other than those identified as excused absences in this Board Policy.

**Habitual Truant** – Habitual Truant is defined as a student who is absent from school without an acceptable excuse for part of or all of five or more days on which school is being held during a school semester.

#### **Procedures for Dealing with Truancy**

1. A student who has been truant will be subject to school discipline which may include detentions, suspensions, or other discipline as determined by the building administrator
2. The student will be given a truancy notification from building administration.
3. When a student has been truant from school for a minimum of four (4) days during a semester, the building administrator will notify the parent that one more truancy during the current semester will cause the student to be classified as a “Habitual Truant”.

#### **Procedures for Dealing with Habitual Truancy**

When it has been determined by the building administrator that the student has been a Habitual Truant, as defined above, the building administrator will initiate the following procedures:

- 1) Immediately send written notice of the habitual truancy to the parent or guardian of the student.
- 2) The building administrator will attempt a “Good Faith” effort in setting up a meeting with the parent/guardian of the habitual truant student. This meeting will be held within ten (10) school days of sending the letter to the habitual truant’s parent/guardian. The meeting will determine if the student’s schedule or the school’s curriculum would resolve the student’s truancy or if there are learning problems that are affecting the student’s attendance.
- 3) The building administrator will then initiate a legal referral of the habitual truant to the appropriate county or municipal authorities if either of the following occurs:

- a. A meeting with the habitual truant's parent/guardian is held and subsequent to that meeting the student is again truant from school during the semester.
- b. The parent/guardian failed to contact the school or attend the meeting set by the building administrator as described in item #2 above.
