Instructional Resources (360)

The Norwalk-Ontario-Wilton Board of Education believes that personnel and materials appropriate to the needs of the school program should be available to each student and teacher. Available system resources shall be allocated to schools on an equitable basis, recognizing system policies and local school needs.

Objectives of the Board of Education are:

- 1) To provide each student with learning experiences suited to his/her aptitudes, interests, maturity, and competence in each subject area, instructional arrangements, equipment, and accommodations based on individual needs as necessary.
- 2) Teachers and administrators will be assisted in their tasks by nonprofessional and paraprofessional aides, and by other professional resource persons bringing their particular background to bear on curriculum concerns, educational procedures, and individual student needs.
- 3) It is the policy of the Norwalk-Ontario-Wilton School District that no person shall be denied admission to any public school or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational, or other program or activity because of the person's sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap.
